The Weanlings offered for sale are all registered pure bred Morgans, descendants of the famous Justin Morgan, founder of the breed. This truly great horse not only established the Morgan breed, but through his offspring, contributed liberally to most of our other American breeds of horses. The versatility and amiability of Morgan horses is known and highly appreciated throughout this Country and Canada. Among the group of weanlings offered today, you will find prospects for show, pleasure and breeding animals which inherit through many generations of careful breeding these traits that have made the Morgan famous.
